## Installation is a breeze...

Super light, in the highest quality shatterproof glass, the NotePad 450 is safe to fit anywhere you want a whiteboard. Installation is unbelievably simple and quick - full instructions with every board - and it can be moved to a new location at any time.

Every board is standard 450mm x 450mm, in 4mm tempered super clear glass. A welcome splash of colour on any wall, and fully functional as a whiteboard, menu, memo board. Easily cleaned, looking as great as the day you installed it, you can add one, two or three to provide even more interest and excitement in any room.

Order your new SilverScreen Glass Whiteboard today.
